

崛起奋进

的中国·四川·德阳高新技术产业园区

THE RISING AND ADVANCING

CHINESE SICHUAN DEYANG HIGH AND NEW TECHNOLOGY INDUSTRY PARK

在中国西部版图上，有一座拥有1300多年历史，被山水与人文浸润的美丽城市——旌阳。
在这片热土上，四川德阳高新技术产业园区厚积薄发、活力四射！

In west China, Jingyang is a beautiful city endowed with a history of over 1,300 years, landscapes and humanism. On the valuable hot land, Sichuan Deyang High and New Technology Industry Park spurs with long accumulation and shows full vigor and vitality!

规划面积37.1平方公里 已建成区域17平方公里

国家级高新技术企业13家 省、市级高新技术企业9家

省级企业技术中心5家 市级企业技术中心10家

交通网络四通八达

日供水3万吨

110千伏变电站

日供气150万立方米

德阳高新区作为旌阳工业经济的主战场、德阳工业经济的新引擎，集聚了企业发展的各类战略资源，实现了一个又一个新的跨越：园区2003年被列为西部电线电缆生产基地，制造规模位列全国第二；2007年被评为“四川省小企业创业基地”；2009年被列为四川省“1525”工程百亿园区；2010年被列为“国家新型工业化示范基地”德阳三大主体园区之一；2011年被列为四川省知识产权试点园区；2013年被列为四川省51025重点园区，是中国最佳投资环境工业园区和中国最具发展潜力高新技术产业园区。

As the main battle fiend of Jingyang's industrial economy and new engine of Deyang's industrial economy, Deyang High-tech Park has gathered various strategic resources for enterprises' development and made new leap-forward development: in 2003, the park was listed into wire and cable production base in west China with its manufacture scale ranking the second place in China; in 2007, it was evaluated as "Small Enterprise Pioneering Base in Sichuan Province"; in 2009, it was listed as "1525" project ten-billion-RMB park in Sichuan Province; in 2010, it was listed into one of Deyang's three main parks, "National New Industrialization Demonstration Base"; in 2011, it was listed into Pilot Park of Intellectual Property Right in Sichuan Province; in 2013, it was listed into 51025 Key Park in Sichuan Province. It is the industrial park with the Chinese best investment environment and the high and new technical industrial park with the Chinese most development potential.

中国最佳投资环境工业园区 中国最具发展潜力高新技术产业园区

THE INDUSTRIAL PARK WITH THE CHINESE BEST INVESTMENT ENVIRONMENT
THE HIGH AND NEW TECHNICAL INDUSTRIAL PARK WITH THE CHINESE MOST DEVELOPMENT POTENTIAL

视野决定高度，德阳高新区恢弘规划、豪情满怀，在37.1平方公里的热土上，区委、区政府以战略眼光规划产业布局，着力实施以先进制造、新材料、新能源三大高新技术产业为重点的产业集群新高地。目前，园区风声水起，已形成以钰鑫机械、特变电工、东佳港、深圳风发科技为龙头的航天航空、特种电缆及设备、特种发电设备等高端装备制造集群；以德阳深捷科技、金路公司、德赛尔化工实业为龙头的双金属复合新材料、石墨烯碳纤维材料、精细化工等研发应用的新材料产业集群；以东深新能源科技、四川威旭锂电科技、德源电气为重点的大功率铝空气金属燃料电池、磷酸铁锂电池、智能电机等开发应用新能源产业集群；园区内现有工业企业445户，规模企业102户，其中：国家级高新技术企业13家，省市级高新技术企业9家，国家级企业品牌2个，拥有高新技术产品53项，四川名牌产品16个，四川著名商标7个，省级企业技术中心5家，市级企业技术中心10家，一批具有国际领先水平的企业，领跑高端制造、新材料、新能源等领域。

The future vision determines the ultimate success. Deyang High-tech Park makes magnificent planning and bears full passion. On the hot land with 37.1 square kilometers in area, the regional committee and government makes industrial planning layout in strategic vision, and intensively build the high and new industry cluster focusing on the three high and new technology industries of advanced manufacture, new material and new energy. Currently, the park rises with favorable conditions. It has formed the high-end equipment manufacture cluster for aviation, aerospace, special electric wire and equipment, special power generation equipment, etc. with Yuxin Machinery, TBEA, East Best Port and Shenzhen Fengfa Science & Technology as leaders; the new material industry cluster for the R&D and application of double-metal composite new material, grapheme carbon fiber material, fine chemical engineering, etc. with Deyang Kurschnick Technology, Jinlu Company and Sichuan Decision Chemical as leaders; the new energy industry cluster for the development and application of large-capacity aluminum—air metal fuel battery, iron-phosphate-based lithium-ion battery, intelligent electric motor, etc. with Dongshen New Energy Technology, Sichuan Xuwei Lithium Battery Technology and Deyuan Electric as key enterprises; the park now has 445 industrial enterprises and 102 scale enterprises; among them, there are 13 national-level high and new technology enterprises, nine provincial-level and municipal-level high new technology enterprises, two national-level enterprise brands; they have 53 high and new technology products, 16 Sichuan famous products, seven Sichuan famous trademarks, five provincial-level enterprise's technical centers, and ten municipal-level enterprise's technical centers. A group of international leading enterprises lead the trend in such fields as high-end manufacture, new material and new energy.

第叁篇章/ 机制优势

THE THIRD CHAPTER/ MECHANISM OF ADVANTAGE

NEW 新平台 新机制

NEW PLATFORM
NEW MECHANISM

这是一片绽放无限激情的土地。20余年砥砺前行，开放创新的四川德阳高新区基础设施完善、要素保障到位、服务务实高效、发展环境优越。进百公里的道路纵深交错，水电气讯“七通一平”，商贸物流、金融科技配套齐全。园区处处春意盎然、处处展现路在绿中，厂在园中，人在画中的生态美景。

This is a land full of infinite passion. After over 20 years of forging ahead with great endeavors, the open and innovative Sichuan Deyang High-tech Park has complete infrastructure facilities, qualified element assurance, practical and high-efficient services, and superior development environment. The highways with nearly hundred kilometers in length crisscross the land; here is endowed with "seven availables and one accessible" of hydropower, gas and telecommunication, and complete commercial trade logistics and financing technology. In the park, spring is evident everywhere, and the whole place shows us the beautiful ecological image of roads set in green sea, factories built in the park and people in the dream-like picture.
